STUDENT important policy verification and signature.

The number of hours required for this course is flexible, based upon the start date. An ideal work/study commitment would be 10hours/week for 10 weeks, for a total of 100 hours. More or less hours are acceptable and should be determined by the supervisor and student, with instructor approval if the number of hours is to exceed 100 hours total.

You must complete the number of hours you have stated in this agreement by the end of the semester in which you are enrolled. You must inform your supervising agent and instructor in writing (via email) upon approaching the completion of these hours. You must also ultimately complete the number of hours required for credit in the course.

Under special circumstances, which are beyond your control, you may be granted an incomplete in order to complete the remainder of your hours. The instructor reserves the right to verify your circumstance through your supervising agent or by requesting valid documentation. It is your responsibility to bring it to the attention of the instructor in a timely manner, if you feel that circumstances will impede you from completing your hours as stated in this agreement and as required in the course.

Please note that an incomplete is granted only on rare occasions and on a case-by-case basis and if granted, the completion date for an incomplete is set at the discretion of the instructor, however it may not exceed the submission deadline as imposed by Kapiolani Community College's policy on Incompletes.

In the event that you are unable to complete the service hours and documentation/assignments required for the course prior to the Incomplete Submission Deadlines, you must retake the work/study course; however, your previously earned credit hours will be reset and you will NOT be granted credit forward for hours worked in a previous term, as work/study hours accrued prior to the semester in which you are enrolled in the course will NOT be awarded retroactively. For additional information, please refer to course syllabus.

I have read, and understand the policy as stated above.
